PlanetRisk Awarded \$900M Prime OSD Logistics BPA

WASHINGTON, March 23, 2017 – Analytic Strategies, a PlanetRisk Company, has been awarded a \$900M Blanket Purchase Agreement (BPA) prime contract with the Office of the Secretary of Defense. The Logistics Services (LOGS) vehicle is for the acquisition of full spectrum logistical support for the Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics (OUSD (AT&L)) and other associated Department of Defense (DoD) sponsored mission requirements.

“It’s a privilege to continue our work supporting the Office of the Secretary of Defense,” says Paul McQuillan, PlanetRisk’s CEO. “This contract represents the value proposition that PlanetRisk provides to our current Joint Logistics stakeholders and provide exceptional analysis, policy guidance and continuous process improvement at the most strategic level in the Department of Defense.”

PlanetRisk will provide analytical services support to Defense Logistics stakeholders in their mission to improve: Project-Based Learning Implementation and Knowledge Transfer; Operational Contract Support and Contingency Program Management; Weapons Program/Information Systems Product Support; Maintenance Oversight and Analysis; Database and Logistics Metrics Analysis; Inventory Management; Transportation and Distribution Policy Development and Operations Support; Automatic Information Technology capabilities for Asset Visibility; Policy Development, Studies, Analysis and Consultation; and, Resource, Budget, and Financial Management Services.

About PlanetRisk

PlanetRisk is a pioneer in enterprise risk analytics helping organizations improve critical decision-making. The company delivers actionable intelligence by accelerating the aggregation of data globally to interpret connections between seemingly unconnected events. PlanetRisk’s unique, holistic approach to enterprise risk solutions combine big data with geospatial intelligence, position and contextual awareness to recognize hidden patterns, detect anomalies and forecast future conditions on a local, national or global scale. PlanetRisk is headquartered in the Tysons Corner area of McLean, Virginia. For more information, please visit www.planetrisk.com.
